ABOUT

I let the moments happen naturally.

I'm Ganesh Partheeban, a candid photographer based in Chennai. I cover weddings, family functions, concerts, launches and behind-the-scenes work, documenting laughter between friends, quiet glances, and the atmosphere that makes each event its own.

I work solo, blending into the crowd instead of interrupting it. Before every shoot I learn the family, the close friends and the key rituals, so the camera anticipates rather than reacts.
